

Mission III

Teen Challenge ministry often deals with addictive lifestyles. They introduce Christ as a solution to turn the hearts of people to Jesus.

Find and read some references in the Gospels where Jesus reached out to those who needed His touch/healing/revelations.

Have you ever dealt with someone who had similar needs as those Jesus reached?

Have you ever faced addictions? How does Jesus offer hope to these difficulties?

What specific action could this Life Group take to reach someone who is hurting:

In our families?

In our church?

In our community?

NOTE: Next week is the last Life Group before a 2 week Easter Break.
